

To Our Baseball Community-

Thank You to all our patrons in the past for all of your support and business.

This Past Year has been extremely difficult in so many ways, but we would like to announce that we are still alive. We have decided to become a Private Members Association. If you are interested in being a member please email us. If you have not gotten a response there is a new contact email, please make sure you are sending to the correct email. We no longer have a Manager on the floor please be patient.

If lessons were purchased 1 year ago unfortunately, they have now expired. We no longer offer packages, only 1 Hour lessons. We do understand that it is a difficult time for many, and with that being said, we want people to be aware that Baseball Central will not permit unsafe practices such as mask-wearing in our facility. If you are uncomfortable, please wait.

Thank you so much.

~Baseball Central Management
